

CENTER OF THE UNIVERSE

Listen to the wind, listen to the song of the breeze,
Listen to the wind and watch the dancing of the trees;
They're singing and dancing, dancing and singing for you,

Because you are the centre of the universe!

Pick up a stone and feel the weight of the ages,
Look at the shape and find the signs it engages;
It's been waiting and shaping, shaping and waiting for you,

Because you are the centre of the universe!

Don't ask me what it means,
The message is for you,
They are just what they seem,
Perhaps they have a cue,
For you, the centre of the universe!

Yes you, the centre of the universe!
Yes, yes you are, the centre of the universe!
